Community Development Block Grant Program (CDBG)
Application
2022-2023

FACT SHEET

ENTITLEMENT GRANTS COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

INTRODUCTION

The Community Development Block Grant (CDBG) program provides annual grants on a formula basis to entitlement cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

NATURE OF PROGRAM

Grants are awarded to entitlement communities to carry out a wide range of community development activities directed toward neighborhood revitalization, economic development, and the provision of improved community facilities and services.

Entitlement communities (grantees) develop their own programs and funding priorities. However, grantees must give maximum feasible priority to activities which either benefit low- and moderate-income persons, or aid in the prevention or elimination of slums and blight. In addition, activities may be carried out which the community certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs. Activities which do not generally meet one of these three broad national objectives may not be undertaken with CDBG funds.

Some of the specific activities that can be carried out with block grant funds include the acquisition of real property, demolition, rehabilitation of residential and nonresidential structures, provisions or public facilities and improvements such as water and sewer facilities, streets, and neighborhood centers, and the conversion of schools for eligible purposes. In addition, block grant funds are available to pay for public services within

certain limits, and for activities relating to energy conservation and renewable energy resources. Entitlement communities may also provide assistance to profit-motivated businesses to carry out economic development activities.

The following types of activities are generally ineligible: municipal buildings, political activities, income payments, and construction of new housing and other facilities offering 24-hour care.

GRANTEE ELIGIBILITY

Central cities of Metropolitan Statistical Areas, other metropolitan cities with populations of at least 50,000, and qualified urban counties with populations of at least 200,000 (excluding the population in entitled cities) are entitled to receive annual grants. The amount of each entitlement grant is determined by statutory formula which uses several objective measures of community need, including poverty, population, housing overcrowding, age of housing and growth lag.

REQUIREMENTS

In order to receive its annual entitlement grant, a grantee must submit its final statement of community development objectives and projected use of funds to HUD and required certifications, as part of the locality's Consolidated Housing and Community Development Plan. If a complete submission is made within established deadlines, the City will receive a full grant award unless HUD determines that the community has failed to carry out program activities in a timely manner, or has failed to carry out planned activities and its certifications in accordance with requirements and the primary objectives of the program.

CITIZEN PARTICIPATION

A grantee is required to provide information to citizens on the amount of CDBG funds available and the range of community development and housing activities that may be undertaken; hold at least one public hearing on the grantee's community development and housing needs; publish a proposed statement of its objectives and projected use of funds in a manner to afford affected citizens an opportunity to submit views and comments prior to

the preparation of the final statement; consider citizen comments and views in preparing the final statement; and if deemed appropriate by the grantee, modify the proposed statement; and make the final statement of community development objectives and projected use of funds available to the public.

LEGAL AUTHORITY

Title I of the Housing and community Development Act of 1974, Public Law 93-383, as amended through the Housing and Community Development Amendments of 1981, Public Law 97-35; 42 U.S.C.-5301 et seq.

H. Public Facilities, Building Improvements and Acquisition Projects ONLY

(If non-applicable, enter N/A, then go to next section - DO NOT LEAVE BLANK)

Applicants applying for funding to assist with building improvements, public facilities or acquisition will incur all legal fees associated with the project should you be awarded in-full or in-part the requested allocation. According to federal guidelines, projects of this nature require that binding legal documents be developed between the Authority and the recipient.

A five-year forgivable loan will be developed in the form of a deed of trust and note in the amount of the allocated Community Development Block Grant funding. The recipient will provide to the Authority an annual report for five years identifying and ensuring the services provided at the facility are eligible under the Community Development Block Grant program and meet one of the three national objectives. The loan will be forgiven 20% each year and fully forgiven in five years if use provision is met.

Will the renovation and/or construction take place on public property? Explain in detail.
